

Updated Information for ISDA 2008-09

Challenger Series events are full ranking events and will follow the same structure as any other ranking ISDA event.

The only change is that players ranked in the top 10 at the entry deadline for these events are not eligible to participate.

Rankings points will be based on prize money.

Prize money breakdown will be based on ISDA published percentages.

Standard 8 team draw format (6 teams directly in and 2 qualifiers spots).

Players must enter through the ISDA before the published entry deadline.

The Challenger series events are designed to;

Create an ISDA presence in new clubs and cities (moving toward full participation events in the future).

Create more interest and participation from local teams, new teams and qualifying teams- who can now win money and earn valuable ranking points.

Allow for mid level teams to play each other and distinguish themselves in the rankings.

Membership Dues:

Full Time;

Dues will remain at \$500 per player

A 10% discount (\$50 off therefore \$450 total) will be offered to those players submitting their dues before Sept 23rd 2008 (Deadline for the first full ranking (non-challenger) event).

Part Time;

Will remain at \$250 per player

This allows players to enter 3 events including Challenger Series events and with only 1 of those events with prize money of \$40000 or more.

Challenger Series events;

For those players only playing in Challenger Series Events dues will be \$250 per player.

This will allow a player to enter all Challenger Series events throughout the season.

Reminder;

Players may enter one event before dues are submitted however if a player reaches the main round of that first event played, dues are automatically collected from the prize money before distributed to the player.

Players are unable to enter a second event (even if they did not qualify for the first event entered) unless dues are submitted by the entry deadline of the second event.

Please make cheques payable to ISDA and send to 197 Glencairn Ave. Toronto Ontario M4R 1N3

Rankings:

The first rankings will be calculated after the 4th full ranking (non challenger) event and will be based on a players best 3 events to date.

Rankings will again be calculated after the 6th event as a players best 4 events, and then after 9 events as the best 6 events etc etc.
